

Memo

DATE: July 23, 2009

TO: Cynthia Sylvian Lear
Chief Administrative Office

FROM: Paul May, Director *P. May*

SUBJECT: Chevron Building

Pursuit to your request the Department of Safety and Permits inspected the Chevron Building on July 13, 2009. The inspection team included the Chief Building Inspector, Johnny Odom; the Chief Electrical Inspector, Charles Collins, the Assistant Chief Electrical Inspector, Steve Bordelon, and the Chief Mechanical Inspector, Rudy Hardouin. The inspection team was led by Bhola Dhume, the Deputy Director.

The inspection found no visible or apparent code violations. It was reported that the building was well maintained, and the electrical and mechanical systems were code complaint.
